Aaron,

Here is a different version of the schedule. There is no overtime, but two of the officers would be working as a part-time bases. This means that if we, NoHo BID wanted to use these two officers we would be able to do so for up to 36hrs a week.

If you have any further questions please let me know.

Thanks

Brian

Okay, your next schedule challenge is to try and avoid using much OT on a given day to pull it off.  
Once OT is in the mix it starts getting expensive.

You likely need 3 people.

Hi Aaron,

Boundaries are shown in attached document. Hours for patrolling are the ones indicated. The security guard needs to be at that area patrolling the limits shown in the map during the hours required. Patrol bikes would be ok.

Hi John,

Not sure if our security patrol is an exact fit with some of the details below, but let me ask a couple more questions first.

- What's the approximate coverage boundary on Lankershim? Is it Burbank to Martha?
- Where are the parking lots exactly and what's stored or parked inside?
- Is there flexibility in the patrol hours?
- Are you looking for someone to patrol the only the 2-3 block area(fixed post) or could the visit the area say once every hour for example?
- Are you okay with not having a marked car? Our team utilizes patrol bikes.

Thanks,  
Aaron

Hi Aaron,

Can you provide me a cost estimate for an uniformed guard and a uniformed guard with a marked patrol car. The hours of service are Monday to Sunday from 7 am to 7 pm. Estimated duration for the security guard is 03-12-16 to 03-01-17. Guard would be responsible to patrol 2 -3 blocks within the work area, open/lock two parking lots in the area. Location center is Lankershim and Collins.
